- You're in!

[Screenshot goes here]

STEP 2 OF 8

Setup Email Server

Connect your Gmail or SMTP so emails actually land

- Go to Settings → Email
- Choose Gmail OAuth or SMTP
- Test the connection
- Green check = ready

[Screenshot goes here]

STEP 3 OF 8

Go To Campaigns

Click "Campaigns" in the left menu

- Look for "Campaigns" in the sidebar
- Click it
- You'll see all past campaigns
- Top-right = "New Campaign"

[Screenshot goes here]

STEP 4 OF 8

Create Campaign

Hit "New Campaign", give it a name and subject line

- Click "New Campaign"
- Enter campaign name
- Write your subject line
- Choose campaign type

[Screenshot goes here]

STEP 5 OF 8

Write With AI

Click "AI Write" — describe your goal in one sentence

- Click the "AI Write" button
- Describe your goal in 1 sentence
- AI drafts the email for you
- Edit or use as-is

[Screenshot goes here]

STEP 6 OF 8

Add Your Contacts

Pick a contact group or paste a list of emails

- Click "Add Contacts"
- Choose a saved group OR paste emails
- Preview recipient count
- Confirm the list

[Screenshot goes here]

STEP 7 OF 8

Review & Launch

Check preview, hit Send — your campaign is live

- Click "Preview" to see the final email
- Check your subject line

- ✓ No hidden fees

EMAIL TEMPLATE PREVIEW

Subject: We Place the Right Talent. You Pay Only When It Works.
From: Rajesh Kumar at TechCloudPro <rajesh@techcloudpro.com>

> Hi [First Name],
>
> Finding the right tech talent shouldn't cost you a fortune — or your sanity. Most staffing firms charge 15–20% markup on contractor rates and 20–25% on full-time salaries. We do it differently.
